PROUD TO SUPPORT CANADIAN FILMMAKERS EVERYWHERE.

Every year The Movie Network invests millions of dollars in Canadian films. We support every stage of the process, from script development and equity funding to promotion and exhibition. Because to us, there's nothing more exciting than helping Canadian films get made. Except watching them of course.

KODAK VISION 5263/7263 500

Sometimes the most powerful stories  
are the ones most subtly told.  
Now there's a high-speed, low-contrast  
film with the softest colours ever.  
A natural look.  
Fine details.  
Open shadows.  
More flexibility in post.  
And the freedom to take your vision  
wherever you want it to go.

# WHISPER

**If there is a colour for the softest breath,  
if there is a look for the smoothest touch,  
this film will capture it.**
