# A fable, from the National Film Board of Canada:

*(or, how we got eight films with strange titles into Perspective Canada)*

**Project Grizzly**

1. Do a grizzly flick, but pointedly avoid actual footage of wildlife...

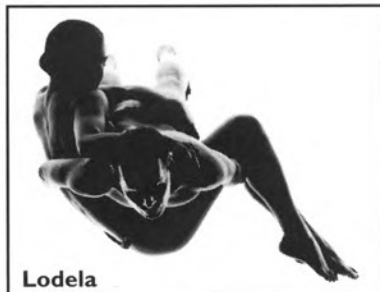

**La Salla**

2. Create drop-dead brilliant, Canadian animation and disguise it with an Italian title...

**Evangeline's Quest**

3. Produce a fab film about a mythic heroine - she's not Italian, but her name is **terrifico** in translation...

**Lodela**

4. Present a spine-tingling, sensuous dance film, but change the otherwise French title so it, too, looks Italian...

Or, 6... Collaborate with like-minded accomplices on dazzling sleight-of-hand and shazam!  
**THREE** NFB co-productions magically appear in the program lineup:

**9, rue St-Augustin**  
(with Les Productions du Rapide-Blanc)  
**Mum's the word**  
(with Médiatique Inc.)  
**Power**  
(with Cineflix Inc.)

**La Plante humaine**

5. Storm the proverbial bastille with the unexpected: a feature-length animation...
